

Curriculum Map: Subject: KS3 Music

Year 7

Term	Unit of Work	Knowledge and Skills	Assessment
1	Graphic Scores	Knowledge: Elements of music, Instruments of the orchestra, Graphic notation Skills: Bassline test will include small listening, performance, composition and technology tasks. Throughout the unit pupils will develop skills in listening, ensemble, singing and composition.	Initial bass line testing to determine initial skill level linked to APS Bands. Group composition Listening Task
2	Arriba!	Knowledge: Stave notation, Ostinato/melody/phrasing/structure Skills: Analysis skills, introduction to keyboard skills, staff notation (focusing on treble clef).	Paired performance assessment Listening/theory
3	Vivaldi	Knowledge: Baroque, Classical and Romantic Concerto Comparison of written texts (4 seasons), Skills: Building on keyboard skills from term 2 Further development of staff notation	Performance (Vivaldi: Autumn from The Four Seasons)
4	Programme music	Knowledge: This links to the Vivaldi aspect of the previous unit. In this topic, pupils explore programmatic music and will compose to a stimulus. Skills: Listening to a variety of different programme music Introduction of composition using graphic notation from term 1 and staff notation from term 2.	Group composition task Listening Task
5	Gamelan	Knowledge: To understand music from a different culture and how Gamelan is central to life in Indonesia. Textures in music (monophonic/heterophonic/polyphonic) Skills: Develop performance skills and an understanding of the gamelan tuning system, develop skills in using tuned percussion	Performance Listening
6	Samba	Knowledge: Understanding of different world music cultures. Pupils will learn about polyrhythmic textures, and structures of Samba. Skills: Untuned percussion skills, performing on Samba-specific instruments in groups. Pupils will have the opportunity to create their own rhythms, Samba breaks and introductions/endings as well as perform pre-created ones. This unit will help develop ensemble performance skills as well as skills in rhythm and playing in time.	Performance/composition/improvisation

Curriculum Map: Subject: KS3 Music

Year 8

Term	Unit of Work	Knowledge and Skills	Assessment
1	Africa	Knowledge: Building on knowledge of world music from year 7. In this unit pupils will learn about features of African drumming and singing and the different styles of music in the various regions of Africa Skills: Drumming skills, including the ability to perform polyrhythms, cyclic patterns, improvisation, leadership skills in the role of Master Drummer. African singing and ensemble skills	Group composition and performance Listening
2	Blues/tech	Knowledge: History of blues (slave trade) Chords and the I IV V chord progression (12 bar blues), blues scale, Blues Melody (Head), Skills: Pupils will be able to develop keyboard skills, along with skills in Technology, singing and composition/performance of blues song.	Performance, Improvisation/composition, Technology/sequencing skills, Listening.
3	Reggae	Knowledge: Pupils explore the origins of Reggae music from Mento, Ska and Rock Steady and look at the famous Reggae musician, Bob Marley, and his influence on a worldwide audience. Pupils learn about the different textural elements that make up a Reggae song: bass line riffs, melodic hooks, offbeat chords, syncopated rhythms and the vocal melody line. This builds on the Africa and Blues topics studied previously. Skills: Pupils harmonic language is extended and developed. They will construct chords I, II, IV and V in A Major ("Three Little Birds), performing these in the traditional offbeat Reggae style.	Group Performance Instrumental skills Listening
4	Theme and Variation	Knowledge: Further exploration of musical structure To identify the ways a melody can be varied and apply this to create a set of variations on a theme. Skills: Composition skills, music technology skills, notation and score reading.	Composition assessment Technology
5	Remix	Knowledge: Understanding the purpose of a remix in popular music Skills: Pupils will use EduBandLab to create a remix of a popular track, exploring how to edit/add to the original track, developing their music technology skills.	Composition Listening Technology
6	Band Skills	Knowledge: Develop knowledge of popular song structures and timbres. Pupils will learn how to play ukulele, drums and keyboards and put together a performance of a popular song in groups. Pupils will develop knowledge of chords, drum patterns and riffs. Skills: Pupils will be able to learn to play in groups on one of a selection of instruments. They will have the chance to learn instrument maintenance skills, specific playing techniques and ensemble performance skills.	Performance/composition/improvisation Listening

Curriculum Map: Subject: KS3 Music

Year 9

Term	Unit of Work	Knowledge and Skills	Assessment
1 and 2	Time Lapse/ Time Lapse sequencing	<p>Knowledge: To understand music of the 20th century with a focus on Minimalism, with the opportunity to revisit prior learning about classical music structures and conventions to develop understanding of music history and the style of Michael Nyman.</p> <p>Skills: to perform as an ensemble, to compose in pastiche of Michael Nyman's style, to understand the features of minimalist music and where features of earlier music are re-used. Pupils will also learn to sequence given parts using technology and then have the opportunity to compose their own musical ideas and develop their own arrangement of Time Lapse.</p>	<p>Performance/composition</p> <p>Sequencing/using music technology</p> <p>Listening/extended writing</p>
3 and 4	Live Lounge EDM	<p>Knowledge: Understanding of popular song conventions: riffs, structures, instrumentation, harmony and textures. Pupils will also look at song lyrics and how these are created and used in the songs.</p> <p>Skills: Pupils will first learn how to play key ideas on specific instruments, understanding the nature of band style ensemble performances and through listening understand the key features of the songs they will be able to learn. After developing specific rehearsal skills and instrument skills, pupils will then be able to create instrumental and vocal group performances of choice of popular songs for a final performance and recording which they can then evaluate.</p> <p>Knowledge: review of sequencing and composition skills, pupils will continue to develop their understanding of popular song conventions: riffs, structures, instrumentation and textures. Using this to, plan and create their own EDM track.</p> <p>Skills: Pupils will learn how to create a build, drop, breakdown, mix out as well as layering the tracks and adding/changing sampled songs.</p>	<p>Performance/composition</p> <p>Ensemble skills</p> <p>Listening</p>
5 and 6	Film Music	<p>Knowledge: Pupils will develop their knowledge of the purpose of film music and the decisions and challenges a composer of film music faces. Leitmotifs are an important aspect of film music and pupils explore how composers have used these to represent certain characters/situations and environments. Pupils will learn how (through the manipulation of the elements of music) motifs can be changed to suit different on-screen situations.</p> <p>Skills: Pupils will compose and perform film music, using both classroom instruments and music technology.</p>	<p>Performance and composition</p> <p>EWR</p>
